

A Little Help, A Lot of Money

OCCHC gave free tax advice resulting in thousands in refunds

Our Finance Director, Viridiana (Viri) Serrano volunteered to coordinate with United Way to provide a tax preparation clinic free-of-charge to low income persons and to draft more volunteers to take the training to become certified as a tax preparer. We are very proud of our staffers, Viri, Kathy, Maggie and Yvonne as well as our interns who also volunteered. It provided a valuable service which resulted in thousands of dollars in tax refunds to very appreciative families.

The Ochoa Family was very happy after filing their tax returns FREE of charge with OCCHC. *“We couldn’t believe we were getting over \$7,000 back. That has never happened before. We are getting a larger refund this year and didn’t have to pay to file. Thank you OCCHC for helping families like ours”*

– Mr. Ochoa
